ART GUIDE

This quirky Petals doorknob from Haute Déco comes in a variety of jewel tones, from rich Amethyst purple to the vibrant Peridot below. Inspired by the quatrefoil, or four-leaf clover, it is made using hand-polished Cristalle resin to create a clear, glass-like effect.

OVER THE RAINBOW

First light

The concept of lightness lies behind the latest fabrics and wallcoverings in the Armani Casa Exclusive Textiles collection by Rubelli. Metallic finishes help to create iridescence and brightness across the rich colour palette.
