THE PARK BENCH REFINED

Spring brings with it the promise of outdoor dining, lounging and getting back out into the garden. Ronan and Erwan Bouroullec have designed an outdoor collection for Hay inspired by Parisian cafe-style furniture. Called Palissade, it's all about simple lines and gentle curves in colours of Light Grey, Anthracite and Olive. Palissade Lounge Sofa \$1570 and Palissade Low Stool \$450 available at Cult in Parnell, Auckland, cultdesign.co.nz. For more outdoor furniture inspiration see page 149.

DOOR JEWELS

Haute Déco's new range of door handles reinterprets the quatrefoil motif of 19th century gothic revival into pretty petals. With a palette of gem tones and a gentle sparkle from delicate cross-hatching, they're a bit of spring bling; from hautedeco.com, around NZ\$298 each.

IN HOT WATER

Get some scones in the oven, because these hilarious tea bags are ready for a spa-like dip in your cup. \$19 for a set of five, collected.co.nz.

CHARLES & MILDRED

What a pair these two flower heads make! Designed by Kiwi company George & Co, they're glazed satin white inside and out – perfect for holding casual spring blooms. \$69 each from whitetreelocaldesign.co.nz.
