

## **PREVENTIVE MEASURES BEING PUTTING IN PLACE AT HAUTE DECO TO PROTECT YOU AND US AGAINST CORONAVIRUS AS WE RE-OPEN THE SHOWROOM**

**Social Distancing:** In order to comply with social distancing measures and to safeguard our staff and clients' health, we will limit the number of people at any one time in the showroom **one party of clients at a time. Please help us respect social distancing by waiting outside if you can see clients inside the showroom.** We respectfully ask that clients do not bring children under 16 to the showroom, with the exception of babies in strollers.

**Making arrangements for visiting the showroom:** We appreciate that it may not be convenient to arrange showroom visits in advance, hence you are welcome to come in if we don't have clients in at the time. If at all possible, we would recommend that you make an appointment prior to coming.

**Protective measures:** We will be wearing a mask and would ask that you do so as well. Sanitising gel is available by our front door. Please use it when entering the store. We have also put new hygiene measures in place to disinfect the showroom in between visits.
